Glue Dispenser transfer, permanent

- Clean and precise gluing on many materials and surfaces
- Strong adhesion, free of solvents and acids
- Easy to use, even for small children's hands
- Including refillable 15-meter adhesive roll
- Available in blue and anthracite

Permanent adhesion

HERMA transfer glue dispensers permanent hold together what belongs together. Paper, cardboard, photos, film and many other materials can be easily and precisely glued. Ideal for the office, home office, kindergarten or school, but also for crafting, creative handicrafts and packaging mail and parcels. The ergonomically shaped glue dispensers have extra gripping surfaces on the sides for optimal hold, so they lie well in the hand and are very easy to use – even for left-handers.

The original – indispensable for photo albums and creative archiving

Since Heinrich Hermann patented them on March 5, 1930, photo corners have become an indispensable part of photo albums. They allow you to safely archive pictures, postcards and photos – without gluing. Simply insert, flexibly swap and preserve memories in style. Available in two sizes: standard (20 mm) in packs of 250 and 500, and extra large (37 mm) in packs of 100. Timeless and practical for anyone who wants to store their memories in style and safety.

Lasting storage for precious memories

HERMA photo stickers provide a reliable and long-lasting way to mount photos, pictures and creative projects. The double-sided self-adhesive paper stickers (17 x 12 mm) can be taken out individually thanks to the practical cardboard dispenser. They are versatile and ideal for mounting into photo albums and for handicrafts, scrapbooking and decorations. Available in packs of 500 or 1,000.

Hangers

- Hangers with wire triangle for mounting
- Adhere to all smooth surfaces
- Available in two sizes
- Also available as a self-adhesive version

Everything stays in place – perfect hold for pictures & co.

The practical HERMA hangers make it easy to hang pictures, posters, calendars, photos and signs – ideal for use at home and in the office. Thanks to the combination of paper and integrated linen fabric, they are particularly stable and easy to use: moisten, press firmly, allow to dry – done! The 34.5 mm Ø hangers can hold up to 800 g, while the 55 mm Ø ones can hold up to 1,200 g. The self-adhesive versions are perfect for light objects up to 100 g.

Adhesive Pads

- Flexible rubber adhesive
- Can be removed without leaving residue
- Adheres firmly while remaining moldable
- Suitable for almost all materials
- In a cardboard display with 12 packs

Sticks flexibly, can be removed without residue!

The clever alternative to adhesive tape and drawing pins: the elastic rubber for attaching small objects and decorations on smooth surfaces. Simply remove a pad, knead it briefly, shape it into the desired form and attach – without any nails or glue. The rubber remains flexible, can be individually portioned and reused multiple times. Ideal for photos, postcards and lightweight decorative items that can be rearranged again and again.

Photobooks in a modern look

- Foil-finished triangular pattern and softtouch surface
- Made of sturdy cardboard, with a spine width of 46 mm
- With 4-ring mechanism, perfect for photo and punched pockets
- Available in three trendy colors

Suitable for HERMA photo cardboard with glassine paper no. 7577

Design meets function: The photo ring binder that makes organization stylish!

The perfect choice for anyone who values style and functionality. The foil-finished triangular pattern and the velvety softtouch surface create a modern and high-quality look in three great colors. The sturdy cardboard protects the contents reliably, while the 4-ring mechanism is ideal for photo and punched pockets. With a practical spine width of 46 mm, it offers plenty of space for photos and documents, while appearing elegant and space-saving.

**Perfect organization
for slides and
negatives –
reliable, practical,
archival-safe!**

HERMA Fotophan slide and negative pockets are the ideal solution for the safe storage of slides and negatives. Made of transparent polypropylene (PP), they are free of plasticizers, suitable for archiving and provide optimal protection against scratches, dust and fingerprints. The extra-wide flap makes it easy to insert slides and negatives, while an additional safety tab prevents them from falling out. Whether for long-term archiving or for structured storage – with these sleeves, everything is clearly arranged, protected and always ready to hand!

Postcard Pockets

- Made of polypropylene, plasticizer-free and suitable for archiving
- Holds up to 4 postcards per sleeve
- Both sides of the postcard are visible
- With Euro-standard punched holes and labeling tags
- Suitable for all standard DIN A4 folders and ring binders

7695 10x15cm

10 x 15 cm for 4 postcards	7599	4 008705 075992

Perfect protection for precious memories

Whether it's travel memories, collectibles or personal greetings – with the postcard sleeves, special moments stay protected and clearly archived. The high-quality protective sleeves made of polypropylene are plasticizer-free and archivable, so postcards remain in perfect condition for a long time. There is space for up to four postcards per sleeve, with both sides remaining visible and can be individually labeled with the enclosed labels.

Postcard Labels

- Labels with postal imprint
- Photo-friendly material, especially opaque, self-adhesive
- Chlorine-free bleached, solvent-free adhesive
- Ideal for covering shipping and package labels
- Personalized greetings made easy: stick on a photo (10 x 15 cm), done

Description		Ref.no.	MOQ 10
Postcard labels			
10 labels 9,5 x 14,5 cm	7758		

For creative greetings or as a mailing solution – always the right choice!

With HERMA postcard labels, you can turn photos into individual postcards in no time at all. Simply attach the self-adhesive label (9.5 x 14.5 cm) with postal imprint to the back of a 10 x 15 cm photo and your personal greeting card is ready to send! But the versatile labels can do even more: they are also ideal as shipping and parcel stickers – perfect for covering old addresses or unwanted imprints.

Despite digital storage media, CDs and DVDs remain indispensable in many areas. Paper pockets are a practical, space-saving and sustainable alternative to plastic pockets. They are the ideal solution for a range of applications. They are ideal for backing up data and archiving, and for safely storing important documents, pictures or music. They are also perfect for sending and sharing presentations, advertising material or customer data.
